

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Athi River - 3 Boreholes to 20 Metres</b>	3 Boreholes to 20 Metres including Factual Reporting	Frankipile International	2017
<b>Bamburi Mineral Exploration - 5 Boreholes to 20 Metres</b>	5 Boreholes drilled to a depth of 20 Metres, Nairobi, Kenya	Bamburi	2017
<b>Bamburi Plant Site Investigation (6 Boreholes)</b>	4 Boreholes to 20 Metres, 1 Borehole to 25 Metres and 1 Borehole to 15 Metres, including all Site Testing and Logging, Athi River, Kenya.	Britech	2017
<b>Kenya Breweries - 2 Boreholes to 10 Metres</b>	2 Boreholes drilled to a depth of 10 Metres each, including all Logging, Laboratory Testing and Factual and Engineering Reporting, Thika, Kenya.	Britech	2017
<b>Kigoro Water Supply (Phase 2) - 3 Boreholes</b>	1 Borehole to 22 Metres, 1 Borehole to 12 Metres, 1 Borehole to 6 Metres, including all Drilling, Site Testing, Logging and Factual Reporting, Thika, Kenya.	Sogea-Satom	2017
<b>Loreto Convent - 4 Boreholes</b>	4 Boreholes to various depths - includes all drilling, logging, laboratory testing and Factual and Engineering Reports, Nairobi, Kenya	Uniconsult	2017
<b>Muthithi Road - 2 Boreholes to 10 Metres</b>	2 Boreholes drilled to a depth of 10 Metres, including all Site Testing and Logging, Nairobi, Kenya.	Britech	2017
<b>Nairobi West Hospital - 4 Boreholes (19 to 27 Metres depth)</b>	2 Boreholes to 19 Metres and 2 Boreholes to 27 Metres, including all Logging, Laboratory Testing and Factual/Engineering Reporting, Nairobi, Kenya.	Nairobi West Hospital	2017
<b>Olkaria - 3 Boreholes to 30 Metres for Fichtner</b>	3 Boreholes drilled to 30 Metres, including all Site Testing, Piezometer Installations, Logging, Laboratory Testing and Factual/Engineering Reporting, Naivasha, Kenya.	Fichtner	2017
<b>Rosslyn Office Park - 5 Boreholes to a depth of 15 and 20 Metres</b>	5 Boreholes to a depth of 15 to 20 metres, including all logging, laboratory testing, Factual and Engineering Reporting, Nairobi, Kenya	Hass Consult/Limojade	2017
<b>Rosslyn Suites - 8 Boreholes to depth of 15 and 20 Metres</b>	8 Boreholes to depth of 15 to 20 metres, including all logging, laboratory testing, Factual and Engineering Reports, Nairobi, Kenya.	Hass Consult/Limojade	2017
<b>Westlands - 5 Boreholes to 20 Metres</b>	5 Boreholes drilled to a depth of 20-23 Metres, including all Site Testing, Logging, Laboratory Testing and Factual/Engineering Reporting, Westlands, Kenya	Crossridge Holdings	2017
<b>Yatta Dam (Phase 1)</b>	9 Boreholes ranging in depth between 25-40 Metres, included all Drilling, Site Testing, Logging, Laboratory Testing and all Factual Reporting, Kenya.	Norconsult	2017
<b>Yatta Dam (Phase 2) - 3 Boreholes up to a depth of 40 Metres</b>	1 Borehole to 35 Metres, and 2 Boreholes to 40 Metres, including all Logging, Laboratory Testing and Factual Reporting, Kenya.	Norconsult	2017
<b>AAR 6 Boreholes to 10 Metres</b>	6 Boreholes drilled to a depth of 10 metres, including all Site Testing, Laboratory Testing and Factual Reporting, Nairobi, Kenya.	AAR	2016

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Acacia Vale - 2 Boreholes to 10 Metres</b>	2 Boreholes drilled to a depth of 10 Metres each, including all Logging, Laboratory Testing and Factual/Engineering Reporting, Nairobi, Kenya.	Acorn	2016
<b>AHCOF Mbaazi Lane</b>	6 Boreholes of varying depth, included laboratory testing, and Factual/Engineering Reporting	AHCOF (Chinese Investment)	2016
<b>Athi River - 2 Boreholes to 25 Metres, 1 to 27 Metres and 1 to 15 Metres</b>	Drilling 4 Boreholes for a New Grain Silo facility, comprising all Drilling Works, Site Tests, Laboratory Testing, Factual and Engineering Reporting, Kenya.	Alpha Grain Millers	2016
<b>Bamburi Cement 4 Boreholes max Depth 150-250 Metres Each</b>	4 Boreholes with a maximum depth of 250 metres each, Kenya.	Bamburi Cement	2016
<b>Bidco Site - Nakuru - 2 Boreholes</b>	2 Boreholes to 25 Metres, and 3 Trial Pits to 3 Metres, including all Site Testing, Laboratory Testing, Factual and Engineering Reporting, Nakuru, Kenya	Aurecon Consultants	2016
<b>Buffalo Mall, Eldoret</b>	6 Boreholes of varying depths, included all laboratory testing, and Factual/Engineering reporting, Eldoret.	Delta Properties	2016
<b>Diocese of Maralal - 5 Boreholes</b>	5 Boreholes to 16 Metres depth, includes all Site Tests, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	Habitech	2016
<b>Diocese of Maralal - 5 Boreholes to 16 Metres, Nairobi</b>	5 Boreholes drilled to a depth of 16 Metres, including Laboratory Testing and Factual and Engineering Reporting, Nairobi, Kenya.	Diocese of Maralal	2016
<b>German Embassy Borehole Cleaning</b>	Cleaning water well borehole (reaming and flushing), Nairobi, Kenya	German Embassy	2016
<b>Kaptagat Road - 2 Boreholes to 15 Metres</b>	2 Boreholes drilled to a depth of 15 Metres each, including all Logging, Laboratory Testing and Factual/Engineering Reporting, Nairobi, Kenya	Acorn	2016
<b>Kigoro Water Treatment Works, Muranga County</b>	19 Boreholes to approximately 10 metres including all Laboratory Testing and Factual and Engineering Reporting, Thika, Kenya.	Sogea Satom	2016
<b>Kipkabus Development - 1 Borehole to 10 Metres and 2 Trial Pits</b>	1 Borehole to 10 Metres and 2 Trial Pits, Site Testing, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	Acorn	2016
<b>Kisumu - 2 Boreholes to 20 Metres and 4 Trial Pits</b>	Drilling 2 Boreholes, and digging 4 Trial Pits - includes for all Site Testing, Laboratory Testing, Factual and Engineering Reporting, Kisumu, Kenya	Kentons	2016
<b>Kizingo Crest Development, Mombasa</b>	2 Boreholes percussion drilled and diamond cored adjacent to the ocean in Mombasa, included for Laboratory Testing and Factual Reporting, Mombasa	Manor Consultants	2016
<b>Lake Plot - Nairobi - 3 Boreholes to 8 Metres</b>	3 Boreholes to 8 metres as well as 4 Trial Pits, Site Testing, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	Limuru Hill Limited	2016

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Lantana 9 Boreholes</b>	9 Boreholes drilled to varying depths, includes all Logging, Laboratory Testing as well as Factual and Engineering Reporting, Nairobi, Kenya.	ASL Credit Ltd.	2016
<b>Mineral Exploration Phase 1-5 (20 Boreholes to 100-175 Metres)</b>	20 Boreholes diamond cored at an angle to a depth of 100-175 Metres, Kenya	Lafarge	2016
<b>Mineral Exploration Phase 6-7</b>	18 Boreholes diamond cored to a depth of 60-175 metres, Kenya	Lafarge	2016
<b>Muthangari Road - 3 Boreholes</b>	1 Borehole to 10 Metres and 2 Boreholes to 8 Metres including all Laboratory Testing and Factual and Engineering Reporting, Nairobi	Chiromo Lane Medical Centre	2016
<b>Muthangari Road Site Investigation 2 Boreholes</b>	2 Boreholes drilled to 10 and 8 metres, includes site and laboratory testing, Factual and Engineering Reporting, Nairobi, Kenya	Ngasi Consultants	2016
<b>Olkaria (Phase 2) 1 Borehole to 30 Metres, and 8 Boreholes to 15 Metres</b>	1 Borehole to 30 Metres and 8 Boreholes to 15 metres - Drilling and Site Testing only, Naivasha, Kenya	Britech	2016
<b>Olkaria 1 - Unit 6 (6 Boreholes, 11 DCP's and 8 Trial Pits)</b>	6 Boreholes to 30 Metres, 11 Dynamic Cone Tests, 8 Trial Pits in Hells Gate National Park, Naivasha, Kenya. Project included all Drilling, Testing as well as all Laboratory Testing and Factual and Engineering Reporting.	Fichtner Gmbh (Germany)	2016
<b>Olkaria Geothermal - 3 Boreholes to 30 Metres</b>	3 Boreholes to 30 Metres including all Site Testing and Logging, Naivasha, Kenya	Britech	2016
<b>Oserian, Naivasha - 4 Boreholes to 15 Metres and 15 Trial Pits</b>	4 Boreholes drilled to a depth of 25 Metres including the digging of 15 Trial Pits. The project included all Drilling, Logging, Laboratory Testing and Factual and Engineering Reporting, Naivasha, Kenya.	Oserian	2016
<b>Quarry Testing comprising Laboratory Testing and Reporting</b>	Sample testing in the Laboratory for Quarry suitability and Factual Reporting, Kenya.	Machine Mawe Ltd.	2016
<b>Riverside Geotechnical Investigation 1 Borehole</b>	1 Borehole with site testing, laboratory testing and Factual and Engineering Reporting, Nairobi, Kenya	Acorn	2016
<b>Rumuruti - 3 Boreholes to 10 Metres and 25 Boreholes to 5 Metres for Solar Installation</b>	28 Boreholes drilled, as well as Site Testing undertaken and Logging, Rumuruti, Kenya	Britech	2016
<b>Shimoni Resorts, Nairobi</b>	2 Boreholes to 10 metres and Trial Pits including all Laboratory Testing and Factual and Engineering Reports, Nairobi, Kenya	Acorn	2016
<b>Tatu City</b>	3 Boreholes to 10 Metres and 17 Trial Pits, including all Laboratory Testing and Factual and Engineering Reporting, Kenya.	Maris Limited	2016
<b>Thika Mall - 2 Boreholes to 10 Metres and 10 Trial Pits</b>	2 Boreholes to 10 Metre, and 10 Trial Pits including all Laboratory Testing, Factual and Engineering Reporting, Thika, Kenya.	Carlisle Property Management	2016

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>TILISI - 6 Boreholes to 9 Metres</b>	6 Boreholes to 9 Metres including all Site Testing, Logging, Factual and Engineering Reporting, Nairobi, Kenya	Civil Engineering Design	2016
<b>Westgate Mall - 2 Boreholes to 10 Metres and 1 Borehole to 12 Metres</b>	2 Boreholes to 10 Metres, and 1 Borehole to 12 Metres, including all Site Testing, Logging and Factual Reporting, Nairobi, Kenya	Civil Engineering Design	2016
<b>Westland - 2 Boreholes to 10 Metres and Trial Pits</b>	2 Boreholes to a depth of 10 metres, plus trial pits as well as laboratory testing, Factual and Engineering Reporting, Nairobi, Kenya	Shimoni Properties	2016
<b>1 Milimani - Kisumu - 2 Boreholes to 8 Metres and Trial Pits</b>	2 Boreholes to a depth of 8 Metres as well as 3 Trial Pits. The project comprised of all Drilling Works, Site Testing Works, Logging and Factual and Engineering Reporting, Nairobi, Kenya.	AMS Properties	2015
<b>Athi River Mall - 4 Boreholes to 20 Metres and 3 Boreholes to 10 Metres</b>	4 Boreholes to a depth of 20 Metres, and 3 Boreholes to 10 Metres. The project included all Drilling Works, Site Testing, Logging, Laboratory Testing and Factual and Engineering Reporting	StanLib Fund	2015
<b>DCP Testing French Embassy</b>	45 DCP Tests for the French Embassy in Nairobi, Kenya	French Embassy	2015
<b>Diamond Coring - Emali - 1200 Metres - 28 Boreholes</b>	28 Boreholes at various depth (up to 90 Metres), Emali, Kenya.	National Cement Company Ltd.	2015
<b>Eldama Ravine 1 Borehole to 10 Metres and 7 Trial Pits</b>	1 Borehole to 10 Metres and 7 Trial Pits, includes for all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Keninvest	2015
<b>Elgon Road 6 Boreholes in depth from 18 to 31 Metres</b>	6 Boreholes ranging from 18 to 31 metres in depth, including all Lab Testing and Factual and Engineering Reporting	Acorn Project Management	2015
<b>Fortis Plaza - Kisumu - 1 Borehole to 12 Metres and 5 Trial Pits</b>	1 Borehole to 12 Metres as well as 5 Trial Pits. The project comprised of all the Drilling Works, Site Testing, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya.	AMS Properties	2015
<b>French Embassy 4 Boreholes to 15 Metres</b>	4 Boreholes to 15 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	French Embassy	2015
<b>Garden City - 6 Boreholes to 10 Metres</b>	6 Boreholes to 10 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	G.C. Retail	2015
<b>Garden City 4 Boreholes to 15 Metres and 2 Boreholes to 10 Metres</b>	4 Boreholes to 15 Metres and 2 Boreholes to 10 Metres drilled, including all Site Testing, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya.	Actis	2015
<b>Gateway 1 Borehole to 25 Metres and 1 Borehole to 15 Metres as well as 4 Trial Pits</b>	1 Borehole to 25 Metres, 1 Borehole to 15 Metres and 4 Trial Pits, including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Gateway Ltd for Imaran Group	2015
<b>General Mathenge 2 Boreholes to 15 Metres and 6 Trial Pits</b>	2 Boreholes to 15 Metres and 6 Trial Pits, Kenya.	Britech Ltd.	2015

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Hass Petroleum - 7 Boreholes with 335 Metres of Drilling</b>	7 Boreholes with Site Testing including Lugeon and Piezometer Installations as well as Logging, Kenya.	Britech	2015
<b>Hass Petroleum 2 - 335 Metres of Drilling at Upperrhill Nairobi</b>	7 Boreholes with 335 Metres of Drilling, includes all Logging, Nairobi, Kenya	Hass Petroleum	2015
<b>Holiday Inn - 2 Boreholes to 20 Metres</b>	2 Boreholes to 20 Metres including all Site Testing and Logging, Kenya.	Britech	2015
<b>JKIA Fuel Terminal Expansion - 2 Boreholes to 10 Metres</b>	2 Boreholes to 10 Metres, includes all Logging, Nairobi, Kenya	Britech	2015
<b>KEMRI Drilling 2 Boreholes to 6 Metres</b>	2 Boreholes to 6 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Wood Products Ltd.	2015
<b>Kwale - 5 Boreholes, 41 Metres of Drilling and 27 Trial Pits to 2.5 Metres</b>	41 Metres of Drilling plus 27 Trial Pits, includes all Logging, Laboratory Testing, Factual and Engineering Reporting, Kwale, Kenya.	Amiran	2015
<b>Lenana Road 2 Boreholes to 20 Metres</b>	2 Borehole to 20 metres including Laboratory Testing and Engineering Reporting, Kenya	Widrups	2015
<b>Mariakani 5 Boreholes to 20 Metres</b>	5 Boreholes to 20 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Mariakani, Kenya.	General Mills	2015
<b>Mavoko 5 Boreholes to 15 Metres</b>	5 Boreholes to 15 Metres, including all Factual Reporting, Athi River, Nairobi, Kenya.	Transfleet Ltd.	2015
<b>Mbaazi Lane Site Investigation - 2 Boreholes to 10 metres and Trial Pits</b>	2 Boreholes to 10 Metres plus Trial Pits, including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Dr Thagana	2015
<b>Miritini Data Centre - 4 Boreholes and 8 Trial Pits</b>	4 Boreholes comprising of 1 Borehole to 20 Metres and 3 Boreholes to 6 Metres, as well as 8 Trial Pits. The project included for all the Drilling Works, Site Testing, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya.	Icolo Ltd.	2015
<b>Mlolongo 4 Boreholes to 10 Metres</b>	4 Boreholes to 10 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Mlolongo, Kenya.	RSA Logistics	2015
<b>Muguma Gardens on James Gichuru - 4 Boreholes to 10 Metres as well as 4 Trial Pits</b>	4 Boreholes to 10 metres including 4 Trial Pits. The project included all Drilling Works, Site Testing, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya.	Mugumo Gardens Ltd.	2015
<b>Mui Basin Kasarani Well - Coal Exploration</b>	1 Borehole to 100 metres - mineral exploration Coal, Kitui, Kenya.	Mui Basin	2015
<b>Nakuru 3 Boreholes to 10 Metres</b>	3 Boreholes to 10 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nakuru, Kenya.	Mega Paper	2015

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Nakuru Grain Silos - 3 Boreholes to 20 Metres</b>	3 Boreholes to a depth of 20 metres including all Site Testing and Logging, Nakuru, Kenya.	Britech	2015
<b>Nanyuki for Kiloran 2 Boreholes</b>	2 Boreholes one to 10 metres and another to 15 metres, including all Laboratory Testing and Engineering Reporting, Kenya.	Kiloran	2015
<b>National Cement Company - 10 Boreholes with 1200 metres of Drilling</b>	10 Boreholes with 1200 metres of Diamond Coring for Mineral Exploration in Emali, Kenya.	National Cement Company	2015
<b>Northern Tunnel (Phase 2) - 2 Boreholes with 60 Metres of Drilling</b>	2 Boreholes with 60 Metres of Drilling including all Site Testing, Logging as well as Factual Reporting, Kenya.	China Gezhouba Group Co. Ltd.	2015
<b>Northern Tunnel Project (Phase 1) 5 Boreholes with 110 metres of Drilling</b>	5 Boreholes with 110 metres of Drilling, included all Logging and Factual Reporting, Kenya.	China Gezhouba Group Co. Ltd.	2015
<b>Nyatike Dam - 14 Boreholes ranging in depth from 20 to 100 metres</b>	14 Boreholes ranging in depth from 20 to 100 Metres, included Lugeon Testing, Logging, Laboratory Testing and Factual Reporting, Kenya.	Runji & Partners	2015
<b>Olkaria Phase 1 - 8 Boreholes to 30 Metres</b>	8 Boreholes to 30 Metres including all Site Testing Works and Logging, Kenya.	Britech	2015
<b>Olkaria Phase 2 - 1 Borehole to 30 Metres and 8 Boreholes to 15 Metres</b>	150 Metres of Drilling as well as all the Site Testing and Logging, Olkaria, Kenya.	Britech	2015
<b>Professional Way 2 Boreholes to 20 Metres</b>	2 Boreholes to 20 Metres, Nairobi, Kenya.	Britech Ltd.	2015
<b>RC Drilling - Emali (First Work Order) - 1500 Metres - 50 Boreholes</b>	50 RC Boreholes with 1500 metres of Drilling, Emali, Kenya	National Cement Company Ltd.	2015
<b>RC Drilling at Emali - 3,000 Metres of Drilling (2nd Work Order)</b>	46 Borehole in Emali - Reverse Circulation Drilled, Kenya	National Cement Co.	2015
<b>Residenz - 3 Boreholes to 5 Metres</b>	3 Boreholes to 5 Metres including all Site Testing, Logging as well as Factual and Engineering Reporting, Nairobi, Kenya.	Imaran Group	2015
<b>Reverse Circulation Drilling 1 Borehole</b>	1 Reverse Circulation Borehole, Emali	National Cement Co.	2015
<b>Riara Road Development 8 Boreholes to 50 Metres</b>	8 Boreholes to 50 Metres each including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Caffery Ltd.	2015
<b>Riverside 3 Boreholes to 13 Metres</b>	3 Boreholes to 13 Metres including all Lab Testing and Engineering Reporting, Kenya.	Nine Fifty	2015
<b>Safaricom Athi River</b>	5 Boreholes ranging between 10 - 20 metres in depth, Kenya.	Britech Ltd.	2015

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Sarit Centre - 12 Boreholes to 20 Metres</b>	12 Boreholes to 20 Metres included all Site Testing and Logging, Kenya	Britech	2015
<b>Sheraton Runda - 3 Boreholes to 12 Metres and 5 Trial Pits</b>	3 Boreholes to 12 Metres and 5 Trial Pits. The project comprised of Drilling the Site, Site Testing, Insallation of a Piezometer, Logging, Laboratory Testing, Factual and Engineering Reporting, Kenya.	Paddock Investments	2015
<b>Sun n Sand 4 Boreholes Ranging between 25 Metres and 30 Metres Each</b>	4 Boreholes drilled together with all Site Testing, Logging, Laboratory Testing and Factual Reporting, Mombasa, Kenya.	Sun n Sand	2015
<b>Turkana 6 Boreholes to 40 Metres</b>	6 Boreholes to 40 Metres, Turkana.	WorleyParsons	2015
<b>UN Drilling Training Course</b>	UN Training course for Water Drilling Professionals, Kenya	Stiching	2015
<b>Wangari Mathai Foundation 2 Boreholes to 10 Metres Karen</b>	2 Boreholes to 10 Metres including all Logging, Laboratory Testing, Factual and Engineering Reporting, Karen, Nairobi, Kenya.	Acorn Project Management Ltd.	2015
<b>Westlands Development 2 Boreholes to 15 Metres and 5 Trial Pits</b>	2 Boreholes to 15 Metres and 5 Trial Pits including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Westlands Skye Development Ltd.	2015
<b>20 Boreholes to a depth of 150 Metres near Mwingi</b>	Mineral Exploration, 20 Boreholes to 150 metres, near Mwingi	East African Copper Ltd.	2014
<b>6 Sites throughout Nairobi each site has 2 Boreholes to 10 metres and 5 Trial Pits</b>	6 Sites each site has 2 Boreholes to 10 metres and 5 Trial Pits - project included all Site Testing, Laboratory Testing and Factual and Engineering Reporting, Kenya.	Acorn Property Management	2014
<b>7 Projects for Britam (2 Boreholes and Trial Pits at each Site)</b>	2 Boreholes at each site, including Laboratory Testing and Factual and Engineering Reporting, Kenya.	Acorn Management	2014
<b>Aga Khan Media Centre - 4 Boreholes to 30 Metres</b>	4 Boreholes to 30 metres including Piezometer Installation, Westlands, Nairobi, Kenya.	Britech Consulting Engineers	2014
<b>Baba Dogo Site Investigation</b>	2 Boreholes to 10 Metres and 4 Trial Pits, includes all Augering and Diamond Coring, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya/	Acorn Project Management	2014
<b>Canadian High Commission - Environmental Drilling</b>	Drilling and Removal of possible Diesel spillage, Kenya.	Golder	2014
<b>City Park - 6 Boreholes to 15 Metres</b>	6 Boreholes to 15 metres including all Site Testing, Kenya	Britech Consulting Engineers	2014
<b>Coral Propertiese Kileleshwa - 8 Boreholes</b>	8 Boreholes to various depths, including all Site Testing and Factual and Engineering Reporting, Nairobi, Kenya.	Coral Properties LLP	2014
<b>Eldoret to Kapenguria Road - 28 Boreholes</b>	28 Boreholes to a maximum depth of 15 metres, includes all Site Testing, Kenya	Britech Consulting Engineers	2014

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Elgon Road Site Investigation - 6 Boreholes to 35 Metres</b>	6 Boreholes to 35 metres each, comprising of augering and diamond coring, including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Acorn Project Management	2014
	<b>Fidelity Bank - 2 Boreholes to 8 Metres</b>	2 Boreholes to 8 Metres including all Site Testing, Kenya.	Britech Consulting Engineers
<b>French Embassy - Nairobi - 6 Boreholes to 15 Metres</b>	6 Boreholes to 15 metres, including all Augering and Diamond Coring, Logging, Laboratory Testing and Factual and Engineering Reporting, Nairobi, Kenya	French Embassy	2014
	<b>General Mathenge 2 Boreholes to 10 Metres</b>	2 Boreholes to 10 metres including all Site Testing, Kenya.	Britech Consulting Engineers
<b>Gilani -2 Boreholes to a depth of 20 and 25 metres - Nakuru</b>	2 Boreholes to a depth of 20 and 25 metres, the project included all Laboratory Testing, Factual and Engineering Reporting.	Eng. Consultants	2014
<b>GZI Sultan Hamud - 11 Boreholes and 33 Trial Pits</b>	11 Boreholes and 33 Trial Pits including all Site Testing, Laboratory Testing as well as Factual and Engineering Reporting, Kenya.	GZI Kenya Limited	2014
<b>Hass Petroleum Head Quarters - 5 Boreholes to 30 Metres</b>	5 Boreholes to 30 Metres depth, including Augering and Diamond Coring, as well as Logging, Kenya	Britech	2014
<b>I &amp; M New Bank Headquarters - 11 Boreholes with 197 metres of Drilling</b>	11 Boreholes with 197 metres of Drilling, including all Logging, Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	Planning Systems	2014
<b>Isiolo Dam 12 Boreholes ranging up to 100 Metres</b>	12 Boreholes to varying depth, including all site testing, packers, laboratory testing and Factual and Engineering Reporting, Isiolo, Kenya.	CAS	2014
<b>Karen Waterfront - 9 Boreholes to 10 Metres depth</b>	9 Boreholes to 10 Metres depth, including all Augering and Diamond Coring as well as Logging, Kenya.	Britech	2014
<b>Kileleshwa - 3 Boreholes to 20 Metres</b>	3 Boreholes to 20 Metres including all Site Testing, Kenya.	Britech Consulting Engineers	2014
<b>Kileleshwa Site Investigation - 6 Boreholes to 25 Metres</b>	6 Boreholes to metres each, comprising of Augering and Diamond Coring, including all Logging, Laboratory Testing, and Factual and Engineering Reporting, Nairobi, Kenya	Acorn Project Management	2014
<b>Kithatani Dam, Machakos - 3 Boreholes to a depth of 30, 25,25 Metres</b>	3 Boreholes drilled to a depth of 30, 25 and 25 metres, project included Packer/Lugeon Testing, Laboratory Testing and Factual and Engineering Reports, Machakos, Kenya.	Farmline Consultants	2014
<b>Lighthouse Site - Nine Fifty - 3 Boreholes up to 20 Metres in Depth</b>	3 Boreholes as well as all Site Testing, Laboratory Testing, and Factual and Engineering Reporting, Kenya.	Nine Fifty Ltd.	2014
<b>Lukenya Site Investigation - 3 Boreholes to 10 Metres and 20 Trial Pits</b>	3 Boreholes to 10 metres each, comprising of Augering and Diamond Coring, including all Logging, Laboratory Testing and Factual and Engineering Reports, Athi River, Kenya.	Acorn Project Management	2014
<b>Mineral Exploration - Bamburi - Diani Site</b>	Mineral Exploration drilling for Limestone - Reverse Circulation Drilling	Bamburi Cement	2014

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Mineral Exploration - Bamburi - Mombasa Site</b>	Mineral Exploration drilling for Limestone - Reverse Circulation Drilling in Mombasa	Bamburi Cement	2014
<b>Mombasa, Kizingo Apartments 3 Boreholes 37, 40 and 32 Metres</b>	3 Boreholes Percussion Drilling just off the Indian Ocean to a depth of 37, 40 and 32 Metres. Project included all Site Testing, Laboratory Testing as well as Factual and Engineering Reporting, Mombasa, Kenya.	PDM Consulting Engineers	2014
<b>Mpaka Road - 3 Boreholes to 20 Metres and Trial Pits</b>	3 Boreholes to 10 metres, including all Laboratory Testing and Reporting, Nairobi, Kenya	Simba Corporation	2014
<b>Mpaka Road 3 Boreholes to 20 Metres and 6 Trial Pits</b>	3 Boreholes to 20 Metres and 6 Trial Pits as well as all Laboratory Testing, and Factual and Engineering Reporting, Nairobi, Kenya.	Simba Corporation Limited	2014
<b>Muthithi Road - 1 Borehole to 10 Metres and 6 Trial Pits</b>	1 Borehole to 10 Metres and Trial Pits, including all Laboratory Testing and Factual and Engineering Reporting, Nairobi, Kenya.	ASL Ltd.	2014
<b>Mwanzi Road 5 Boreholes to 15 Metres</b>	5 Boreholes to 15 Metres, including all Site Testing, Laboratory Testing, Factual and Engineering Reports, Nairobi, Kenya.	Parkview Shopping Arcade (Nakumatt)	2014
<b>Nanyuki Mall</b>	2 Boreholes to 7 and 15 Metres in Nanyuki, Kenya.	Civil Engineering Design	2014
<b>National Cement Company - 2 Boreholes to 100 Metres Reverse Circulation Drilled</b>	2 Boreholes to 100 metres each - Reverse Circulation Drilled - Emali, Kenya	National Cement Company	2014
<b>Ndovu Cement Geotechnical Drilling 3 Boreholes and Packer Testing</b>	3 Boreholes and various site tests, laboratory testing and Factual and Engineering Reporting, Nairobi, Kenya.	Karsan Ramji & Sons	2014
<b>Nine Fifty Site Investigation 3 Boreholes to 15 Metres and 5 Trial Pits</b>	3 Boreholes to 15 Metres as well as 5 Trial Pits, included all Augering and Diamond Coring, Logging, Laboratory Testing as well as Factual and Engineering Reporting, Nairobi, Kenya	Lighthouse Company	2014
<b>Northwood - Parklands 6 Boreholes to 10 metres</b>	6 Boreholes to 10 metres including all Site Testing, Kenya.	Britech Consulting Engineers	2014
<b>Ololua Site Investigation - 2 Boreholes to 10 Metres and 12 Trial Pits</b>	2 Boreholes to 10 metres each, comprising of Augering and Diamond Coring, including all Logging, Laboratory Testing, as well as Factual and Engineering Reporting, Kenya.	Acorn Project Management	2014
<b>Oloolokitikosh 5 Boreholes</b>	5 shallow boreholes to 5 metres including all Lab Testing, Factual and Engineering Reporting, Nairobi, Kenya	Acorn	2014
<b>One Brookside Drive - 2 Boreholes 8 and 15 Metres - Nairobi</b>	2 Boreholes to 8 and 15 metres depth including all Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	AMS Properties	2014
<b>One Central Park - 3 Boreholes</b>	2 Boreholes to 20 Metres, 1 Borehole to 15 Metres including all Laboratory Testing and Factual and Engineering Reporting, Nairobi, Kenya.	AMS Properties	2014
<b>One General Mathenge - 3 Boreholes and 13 Trial Pits</b>	3 Boreholes and 13 Trial Pits as well as all Site Testing, Laboratory Testing, Factual and Engineering Reporting, Kenya.	Portofino Properties	2014

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Orthodox Church - 3 Boreholes to 45 metres - 4 Boreholes to 30 metres and 8 Trial Pits</b>	3 Boreholes to 45 metres, 4 Boreholes to 30 metres as well as 8 Trial Pits. Project included all Drilling, Site Testing, Laboratory Testing, and Factual and Engineering Reporting, Nairobi, Kenya	Orthodox Archbishopric of Kenya	2014
<b>Palazzo 2 Boreholes to 20 Metres and Trial Pits</b>	2 Boreholes to 20 Metres and various Trial Pits, Site Testing and Laboratory Testing as well as Factual and Engineering Reporting, Nairobi, Kenya.	Palazzo Ltd.	2014
<b>Parkview Mwanzi Road 5 Boreholes to 15 Metres</b>	5 Boreholes to 15 metres, including all Laboratory Testing and Reporting, Nairobi, Kenya 7 Boreholes drilled to varying depth of 11 to 15 metres, includes all Augering and Diamon Coring,	Nakumat	2014
<b>Pre-Stressed Concrete Factory - Mavoko - 7 Boreholes to 11-15 Metres</b>	Logging, Laboratory Testing and Factual and Engineering Reporting.	Nick Evans Structural Engineers	2014
<b>Processional Way 2 Boreholes to 20 Metres</b>	2 Boreholes to 20 Metres, Nairobi, Kenya.	Britech Limited	2014
<b>Rapid Kate 1 Borehole to 10 Metres</b>	1 Borehole on Mombasa Road, Nairobi, Kenya.	Britech Ltd.	2014
<b>Riverside - 1 Borehole to 12 Metres and 1 Borehole to 10 Metres</b>	1 Borehole to 12 Metres and 1 Borehole to 10 Metres including all Site Testing, Laboratory Testing, and Factual and Engineering Reporting, Kenya.	Rosa Villa Properties Ltd.	2014
<b>Runda - 8 Boreholes to 10 Metres</b>	8 Boreholes to 10 Metres including all Site Testing, Kenya.	Britech Consulting Engineers	2014
<b>Runda - Drilling 2 Boreholes to 10 and 6 Metres</b>	Drilling 2 Boreholes one to 10 metres and one to 6 metres, Kenya.	Howard Humphreys Kenya Ltd.	2014
<b>Rwabura and Thiririki Dam Sarit Centre - 7 Boreholes to 15 Metres</b>	4 Boreholes with a maximum depth of 80 metres, including all Lab Testing, Factual and Engineering Reporting, Machakos, Kenya. 7 Boreholes to 15 Metres each, Westlands, Nairobi, Kenya.	East African Engineering Consultants Britech Consulting Engineers	2014 2014
<b>Scientific Drilling in Magadi</b>	Scientific Drilling for the origins of man kind and climate change, Magadi	University of Arizona	2014
<b>South C - 1 Borehole to 10 Metres</b>	1 Borehole to 10 Metres, Nairobi, Kenya	Britech Ltd.	2014
<b>South C - 2 Boreholes to 10 Metres</b>	2 Boreholes to 10 metres as well as all Site Testing, Kenya.	Britech Consulting Engineers	2014
<b>Tiara - Mugumo Road - 2 Boreholes to 15 metres</b>	2 Boreholes to 15 metres including all Site Testing, Laboratory Testing, as well as Factual and Engineering Reporting, Nairobi	Tiara Properties	2014
<b>Two Rivers Shopping Mall</b>	Phase 3 8 Boreholes to various depth, including all Laboratory Testing and Factual Reporting, Nairobi, Kenya	Howard Humphreys	2014

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Westgate Mall drilling through Bomb Damaged Site</b>	Various Boreholes and Site Tests at Westgate Mall, Nairobi, Kenya	Sony Holdings	2014
<b>Aga Khan Hospital Extension - 3 Boreholes to 16 metres</b>	3 Boreholes plus Site Testing and Logging, Nairobi, Kenya.	Britech Consulting Engineers	2013
<b>Al Jamea Campus - 8 Boreholes to 10 metres</b>	8 Boreholes plus all Site Testing and Logging, Nairobi, Kenya.	Britech Consulting Engineers	2013
<b>Broglia Space Centre - 9 Boreholes to 15 Metres</b>	Geotechnical Site Investigation for 9 boreholes to 15 Metres, plus Lab Testing, and Factual and Engineering Reporting. Project also included Resistivity Testing and Reporting, Malindi, Kenya	Vitrociset	2013
<b>Central Bank Annex - 4 Boreholes to 30 Metres</b>	4 Boreholes to 35 Metres including all Laboratory Testing, Factual and Engineering Reporting, Kenya.	Arprim Consultants	2013
<b>Ewaso Ngiro 21 Boreholes to depth of 20 - 400 metres Diamond Cored</b>	21 Borehole, with SPT and U100s as well as Constant and Falling Head Tests and Packer Testing. Includes for Factual Reporting and Laboratory Testing, Kenya	TYPSA	2013
<b>Hominin Sites (Baringo (Cored 228 m depth) and Turkana (Cored 265 m depth))</b>	Scientific Drilling 2 Diamond Cored Boreholes 228 m and 265 m depth, Turkana and Baringo, Kenya.	University of Arizona	2013
<b>Isiolo Airport - 15 Boreholes to 5 Metres</b>	15 Boreholes to 3 metres, plus Site Testing, Lab Testing, Factual and Engineering Reporting, Nairobi, Kenya	Armitex	2013
<b>Kamumu Dam</b>	1 Borehole to 40 Metres and one Borehole to 15 Metres, including all Laboratory Testing and Factual and Engineering Reporting, Kenya.	East African Engineering Consultants	2013
<b>Kibera 4 Boreholes to 10 Metres</b>	4 Boreholes to 10 Metres including Site Testing, Laboratory Testing, and Factual/Engineering Reports, Nairobi, Kenya	WP Building and Civil Engineering Ltd.	2013
<b>Kitale Lane Site Investigation - 5 Boreholes to 10 Metres</b>	5 Boreholes to a depth of 10 Metres, including all Site Testing and Logging, Nairobi, Kenya	Britech Consulting Engineers	2013
<b>Mbagathi Way - 4 Boreholes to 10 Metres</b>	4 Boreholes to 10 Metres, including Laboratory Testing, Factual and Engineering Reports, Nairobi, Kenya.	WP Building & Civil Engineering	2013
<b>Moru Ridge - 6 Boreholes to 8 metres</b>	6 Boreholes to 8 metres depth, plus Logging, Laboratory Testing and Reporting, Nairobi.	Migaa	2013
<b>Norfolk Towers Site Investigation - 3 Boreholes to 12 Metres</b>	3 Boreholes to 12 Metres including all Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Civil Engineering Design	2013
<b>Nzoia Dam 16 Boreholes to a depth of 20 metres</b>	16 Boreholes to a depth of 20 metres, including packers and constant head testing as well as laboratory testing and factual reporting, Kenya.	Sweco	2013
<b>Pan Africa Insurance - 5 Boreholes 13-18 Metre Depth</b>	5 Boreholes ranging in depth from 13-18 metres, plus Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya.	Pan Africa Insurance Company	2013
<b>Peponi Road Site Investigation - 2 Boreholes to 10 Metres and 2 Boreholes to 15 Metres</b>	2 Boreholes to 10 metres and 2 Boreholes to 15 metres plus Logging, Kenya.	Britech Consulting Engineers	2013
<b>Runda Site Investigation</b>	8 Boreholes to a maximum depth of 10 metres, Runda, Kenya	Britech Consulting Engineers	2013

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>SBI Quarry Site - 10 Boreholes to 20 metres</b>	10 Boreholes to 20 metres depth Diamond Cored, Kericho, Kenya.	SBI Kenya	2013
<b>Sheheena Development, Nyali</b>	4 Boreholes to 35 Metres, including Laboratory Testing, Factual and Engineering Reporting, Kenya.	Manor Consultants	2013
<b>SWECO - Nzoia Dam - 14 Boreholes and 20 Trial Pits</b>	14 Boreholes ranging in depth from 20-50 metres diamond cored, plus trial pits, Laboratory Testing and Factual Reporting, Kenya	SWECO (Sweden)	2013
<b>The Hub - Karen - 2 Boreholes to 12 Metres and 8 Trial Pits</b>	2 Boreholes to 12 metres, and 8 Trial Pits to 3 metres, plus Laboratory Testing, Factual and Engineering Reporting, Nairobi, Kenya	Civil Engineering Design	2013
<b>Thwake Dam</b>	25 Boreholes to a max depth of 110 metres, includes all Laboratory Testing, Factual and Engineering Reporting, Kitui, Kenya.	CAS Consulting Engineers	2013
<b>Tom Mboya Street Site Investigation - 1 Borehole to 15 Metres</b>	1 Borehole to 15 Metres plus Site Testing and Logging, Nairobi, Kenya.	Britech Consulting Engineers	2013
<b>TYPSA - 23 Boreholes up to a depth of 110 Metres (Ewaso Ngiro Dams)</b>	23 Boreholes ranging in depth from 25 to 110 metres, Narok, Kenya	TYPSA	2013
<b>Wrigley 2 Sites ( 7 Boreholes and 20 Trial Pits)</b>	Drilling 7 Boreholes, and digging 20 Trial Pits at two locations in Athi River, includes all Laboratory Testing and Factual/Engineering Reporting, Kenya.	Wrigleys	2013
<b>Arror Multipurpose Dam - 3 Boreholes Drilled to a max depth of 115 Metres Diamond Cored</b>	3 Boreholes to a max depth of 115 metres diamond cored plus Laboratory Testing and Engineering Reporting, Kenya.	Naqsh Tarsim Milad Consulting Eng. Co. Ltd.	2012
<b>Base Titanium, Geotechnical Instigation, Mukurumduzi Dam - 9 Drilled Boreholes 25 metres</b>	9 Boreholes to 25 metres depth, Kwale.	Base Titanium	2012
<b>British American Insurance Company, 2 Boreholes Drilled to 30 Metres</b>	2 Boreholes to 30 metres, Nairobi.	British American Insurance Co.	2012
<b>Civicon - 2 Boreholes Drilled to 17 metres, Vitol</b>	2 Boreholes to 17 metres, Nairobi.	Civicon	2012
<b>Civicon - Vitol Phase 2 - 2 Boreholes to a Max Depth of 25 Metres</b>	2 Boreholes drilled to a max depth of 25 metres, plus Laboratory Testing and Reporting, Mombasa, Kenya.	Civicon	2012
<b>Ewaso Ngiro 3 Dams 22 Boreholes with varying depth of 20 - 400 metres plus Lugeon Testing</b>	22 Boreholes ranging in depth from 20 - 400 metres diamond cored, plus Lugeon Testing, Ewaso Ngiro	TYPSA	2012
<b>General Mathenge Site Investigation - 3 Boreholes to a depth of 15 metres</b>	3 Boreholes to 15 metres plus Trial Pits, Logging, Laboratory Testing and Factual and Engineering Reporting, Kenya.	Carnation Limited	2012
<b>Greenfields Developers, 5 Boreholes up to 21 metres in Depth - Site Investigation</b>	5 Boreholes to max depth of 21 metres, Laboratory Testing and Engineering Reporting, Nairobi.	Greenfields Developers	2012

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>KIRDI 5 Boreholes to 25 metres depth, Nairobi, Kenya</b>	5 Boreholes to 25 metres depth, laboratory testing and factual and engineering reports, Nairobi, Kenya.	Kenya Institute for Research Development	2012
<b>Koru Dam 6 Boreholes to a depth of 20-50 metres plus Lugeon Testing and Pressure Grouting</b>	6 Boreholes ranging in depth from 20-50 metres diamond cored, plus Lugeon Testing and pressure grouting. Includes Laboratory Testing and Factual Reporting, Kenya.	Runji & Partners	2012
<b>Magwagwa Dam - Phase 3 - 8 Boreholes Max Depth 190 M Diamond Cored</b>	8 Boreholes to a max depth of 190 m Diamond Cored, Kenya.	SMEC	2012
<b>Miritini 6 Boreholes depth 20-30 metres, Mombasa, Kenya</b>	6 Boreholes to a depth of 20-30 metres percussion drilled and diamond cored, Mombasa, Kenya.	Geoff Griffiths & Associates	2012
<b>Miritini Drilling 6 Boreholes to a depth of 20-40 metres</b>	4 Boreholes to 20 metres and 2 Boreholes to 40 metres, plus site based testing and logging, Mombasa, Kenya	Geoff Griffiths	2012
<b>Nile Basin Maira Dam</b>	2 Boreholes to 20 metres depth including packer testing, laboratory testing and factual and engineering reporting, Kenya.	Nile Basin Initiative	2012
<b>Norcken - Shimoni to Vanga to Lunga Lunga Site Investigation, 6 Boreholes to max depth of 20 Metres</b>	6 Boreholes to a max depth of 20 metres including Laboratory Testing, and Engineering Report, Kenya.	Norcken	2012
<b>Olkaria I and II Site Investigation - 13 Boreholes Drilled to 17 metres</b>	13 Boreholes drilled to a depth of 17 metres in Olkaria, Kenya	Geoff Griffiths & Associates	2012
<b>Ologesailie Scientific Drilling, one borehole to 166 metres</b>	1 Borehole to a depth of 166 metres for Scientific Drilling and Sediment Core Collection for Analysis, Kenya	Smithsonian Institute USA	2012
<b>Polaris Gas Exploration - 7 Boreholes to 100 metres, Shimoni, Kenya</b>	7 Boreholes to 100 metre depth for Gas Exploration Monitoring in Shimoni, Kenya.	Polaris	2012
<b>Project Tusker 5 Boreholes to 10-15 Metres plus 7 Trial Pits</b>	6 Boreholes diamond cored to a depth of 10 metres, plus 16 Trial Pits to 3 metres, site based testing plus Logging, Laboratory Testing, Factual and Engineering Report	Ruaraka Diversified Investments Ltd.	2012
<b>Smithsonian Institute, USA - 3 Boreholes for Scientific Drilling to a depth of 163m, 116m and 176m</b>	3 Boreholes for Scientific Drilling - 163 and 116 were diamond cored, and one borehole to 176 m was destructive drilled, near Magadi, Kenya.	Smithsonian Institute USA	2012
<b>Uboru Group - 4 Boreholes Drilled to 15 metres</b>	4 Boreholes drilled a max depth of 15 metres, plus Laboratory Testing and Engineering Reporting.	Uboru Group Limited	2012
<b>Unilever Tea Factory Extension - 8 Boreholes Drilled to a max depth of 25 Metres</b>	8 Boreholes drilled to a max depth of 25 metres, including Laboratory Testing and Engineering Reporting, Kericho, Kenya.	Unilever	2012
<b>United Millers, 2 Boreholes to 12 Metres, Kisumu</b>	2 Boreholes to 12 metres depth, Kisumu.	United Millers	2012

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Vienna Court - 3 Boreholes Drilled to 18 metres - Site Investigation</b>	3 Boreholes to 18 metres, including Laboratory Testing and Engineering Report, Nairobi.	PDM Kenya Limited	2012
<b>Africa Gas (Offshore Drilling), 7 Boreholes</b>	7 Boreholes to 7 metres offshore in Mombasa, including Lab Testing and Engineering Report, Mombasa, Kenya	Africa Gas	2011
<b>AMS 3 Boreholes Drilled to 15 metres</b>	3 Borehole to 15 metres, including lab testing and reporting, Westlands, Kenya	AMS Properties	2011
<b>Aviva Mining Company, 1000 metres Reverse Circulation Drilling - Mining Exploration</b>	1000 metres of Reverse Circulation Drilling near Kisumu.	Aviva Mining	2011
<b>Aviva, 3 Boreholes Reverse Circulation Drilled and Diamond Cored to 250 m Depth</b>	3 Boreholes to depth of 60-250 m depth, in Siaya, nr Kisumu for Gold Exploration Drilling	Aviva	2011
<b>Base Titanium, 168 Borehole to 9m-25m depth, Drilling and Grouting for Dam Structure</b>	168 Boreholes Drilled and Pressure Grouted to a depth of 9m-25m, Kwale, Kenya	Base Titanium	2011
<b>British American Insurance Company, 5 Boreholes, Site Investigation</b>	5 Boreholes to 15 metres depth, Lab Tests and Engineering Report, Nairobi, Kenya.	British American Insurance Co.	2011
<b>Catholic Diocese of Kericho, Site Investigation</b>	6 Boreholes to 30 Metres, plus Trial Pits, and Insitu Density Testing, Laboratory Testing and Engineering Report, Kericho, Kenya.	Eng Plan and Triad Architects	2011
<b>Delta Corporation - Site Investigation</b>	1 Boreholes to 10 m depth, plus Laboratory Testing and Engineering Reporting	Delta Corporation	2011
<b>Delta Corporation, 1 Borehole Drilled to 10 m and 6 Trial Pits</b>	1 Borehole to 10 m depth, 6 Trial Pits, plus Laboratory Testing and Engineering Reporting	Hardip Sura, Civil Engineering Design	2011
<b>Grand Falls Dam, 19 Boreholes Drilled</b>	19 Boreholes, to a max depth of 70 metres, including Packer Testing, Laboratory Testing and Reporting, Mwingi, Kenya.	Egis Bceom Consultants	2011
<b>Gulfstream, 3 Boreholes Drilled</b>	3 Boreholes to 15 metres, laboratory testing and Engineering Report, Mombasa, Kenya.	Gulfstream	2011
<b>Howard Humphreys, Kenya Coal, 5 Boreholes Drilled</b>	5 Boreholes to 15 metres depth, Lab Tests and Engineering Report, Kilifi, Kenya.	Howard Humphreys	2011
<b>Jupiter Real, Rhapta Rd Investigation, 2 Boreholes Drilled to 10 metres</b>	2 Boreholes to 10 m depth, plus Laboratory Testing and Factual Reporting, Nairobi, Kenya	Hardip Sura, Civil Engineering Design	2011
<b>Kenya Association of Manufacturers, 2 Boreholes Drilled to 18 metres</b>	2 Boreholes to 18 m depth, plus Laboratory Testing and Factual Reporting, Nairobi, Kenya.	Eng Plan and Triad Architects	2011
<b>Lea Brothers and Blakeman, 2 Boreholes Drilled</b>	2 Boreholes, laboratory testing and reporting, Nairobi, Kenya.	Acorn Project Management	2011
<b>Magwagwa Dam, Phase 2- 2 Boreholes Drilled to 100 m and 40 m</b>	2 Boreholes to a depth of 100 m and 40 m, near Sondu, Kenya.	SMEC Consulting Engineers	2011

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>Magwagwa Phase 2, 1 Borehole Diamond Cored to 180 m, and 1 Borehole Diamond Cored to 190 m Depth</b>	2 Boreholes to depth of 180 and 190 m depth, diamond cored, Sondu, Kenya.	SMEC Consulting Engineers	2011
<b>Masalani Irrigation Scheme, Garissa, 2 Boreholes Drilled to 30 metres Mombasa Bypass, Overwater Boreholes for Katahira, Site Investigation</b>	2 Boreholes to 30 m depth, plus Factual Reporting, Garissa, Kenya.  1 Overwater borehole and 2 land based boreholes (in swamp), Mombasa, Kenya	Egis Bceom  Katahira Consulting Engineers	2011  2011
<b>Nzoia Dam, 8 Boreholes (depth 10-25 m) Drilled</b>	8 boreholes, packers, grouting, laboratory testing and reporting, Nzoia Dam, Kenya.	Runji Consulting Engineers	2011
<b>Ormat, Naivasha, 5 Boreholes Drilled</b>	5 Boreholes to 15 metres depth, Naivasha, Kenya	Ormat	2011
<b>Red Rock Migori (Diamond Coring , 6 Boreholes)</b>	650 metres of Diamond Coring to a maximum depth of 125 metres, Migori, Kenya.	Red Rock Resources plc	2011
<b>Red Rock Migori (Reverse Circulation Drilling 10 Boreholes)</b>	10 Boreholes to a max depth of 150 metres RC Drilled, Migori, Kenya.	Red Rock Resources plc	2011
<b>Stima Plaza for KenGen Retirement Scheme - Site Investigation</b>	3 Boreholes to 15 m depth, plus Laboratory Testing and Factual Reporting, Nairobi, Kenya	Gath Consulting Engineers	2011
<b>Sun n Sand, Development, 3 Boreholes to 25 Metres Drilled</b>	3 Boreholes to 25 metres depth, Lab Tests, and Engineering Report, Kikambala, Kenya.	Sun n Sand	2011
<b>TYPSA, Phase 2, 13 Boreholes Diamond Cored and Reverse Circulation Drilled at Nandi Dam</b>	13 Boreholes, to max depth of 140 metres, plus laboratory testing, Nandi Dam, Kenya.	TYPSA, Spain	2011
<b>1 Borehole and 6 Trial Pits, Nairobi</b>	1 Borehole, 6 Trial Pits, Laboratory Testing and Engineering Report, Nairobi, Kenya.	North Park Investments	2010
<b>19 Boreholes, Turkana Windfarm</b>	19 Boreholes to 10 m each in remote areas of Turkana, Kenya	Turkana Windfarm Project	2010
<b>20 Boreholes to 25 metres plus 37 Trial Pits, Olkaria</b>	20 Boreholes, plus 37 Trial Pits at Olkaria, Hells Gate National Park, including Laboratory Testing, and Engineering Report, Naivasha, Kenya	Kengen	2010
<b>25 Boreholes to 22 metred depth, Vitol, Mombasa</b>	25 Boreholes to a depth of 23-25 metres, plus Laboratory Testing and Engineering Report, Mombasa, Kenya	Vitol	2010
<b>3 Boreholes and 10 Trial Pits, Nairobi</b>	Boreholes and Trial Pits plus Laboratory Testing and Engineering Report, Nairobi	AMS Properties	2010

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

Project Name:	Description of Works:	Client:	Completion Date:
<b>4 Boreholes to 10 m, Riverside Park</b>	4 Borehole to 10 metres, plus Laboratory Testing and Eng. Report, Nairobi.	Civil Engineering Design	2010
<b>4 Reverse Circulation Boreholes and 32 Percussion Boreholes</b>	4 RC Boreholes to depth of 45 metres, and 32 Percussion Boreholes to depth up to 14 metres, Migori, Kenya	Red Rock Resource plc (UK)	2010
<b>400 metres of Reverse Circulation Boreholes</b>	400 metres of Reverse Circulation Drilling in Migori, Kenya. Depth 50-80 metres.	Red Rock Resources plc (UK)	2010
<b>AMS Kenyatta</b>	1 Borehole to 8 metres, including Laboratory Testing and Eng. Report	AMS Properties	2010
<b>AMS Propertise, 5 Boreholes and 10 Trial Pits</b>	5 Boreholes, 10 Trial Pits, Nairobi plus Engineering Report	AMS Propertise	2010
<b>Bamburi Cement, Kitengela I</b>	3 Boreholes, max depth 25 metres, Athi River, Kenya	Lafarge	2010
<b>Bamburi Cement, Mavoko</b>	3 Boreholes, max depth 25 metres, Athi River, Kenya	Lafarge	2010
<b>Base Titanium, 4 Boreholes</b>	4 Boreholes to 20 metres, Kwale, Kenya.	Base Titanium	2010
<b>Diamond Trust, 3 Boreholes</b>	3 Boreholes to max depth of 10 metres, Gigiri, Kenya.	Surtech	2010
<b>Embu Quarry Site - 3 Boreholes to 20 metres</b>	3 Boreholes to 20 metres, Embu.	Britech Consulting Engineers	2010
<b>Kapsabet Water Supply</b>	10 Boreholes to a depth of 5-7 metres, Kapsabet, Kenya	Geoff Griffiths & Associates	2010
<b>Kasarani for Eng Plan - 3 boreholes and 4 Trial Pits</b>	3 Boreholes and 4 Trial Pits, including Lab Test and Engineering Report, Kasarani, Kenya	Eng. Plan	2010
<b>Kendu Bay Drilling, 3 Boreholes</b>	3 Boreholes to a maximum depth of 25 metres, Kendu Bay, Kenya.	Abbyssinia Iron & Steel Limited	2010
<b>Mirima Hill Coal Exploration 2 Diamond Cored Boreholes</b>	Two Diamond Cored Boreholes 75 and 95 metre depths, Kwale, Kenya	Cortec Mining Kenya	2010
<b>Mirima Hill Coal Exploration 39 Reverse Circulation Boreholes 30-100 Metres Depth</b>	39 Reverse Circulation Boreholes depth 30-100 metres, Kwale 2 Boreholes overwater, as well as boreholes in swamp areas (drilled off the pontoon), and boreholes on tidal plains, Mombasa, Kenya Project included all laboratory testing and Factual Reporting.	Cortec Mining Kenya	2010
<b>Mombasa Bypass Project (Phase 2)</b>		Katahira & Engineers	2010

## Drilling & Prospecting International Limited - Geotechnical, Environmental and Scientific Projects (2010-2017)

<b>Project Name:</b>	<b>Description of Works:</b>	<b>Client:</b>	<b>Completion Date:</b>
<b>Nandi Dam, 4 Boreholes to 30 metres, 1 borehole to 280 metres and 1 borehole to 250 metres</b>	Coring and RC Drilling at Nandi Dam, including Laboratory Testing and Reporting.	TYPSA, Spain	2010
<b>Olkaria Phase II - 4 Boreholes to 25 Metres</b>	4 Boreholes to 25 metres including Lab Tests and Engineering Report, Nairobi	Howard Humphreys	2010
<b>Vaccinations Programme - 3 Boreholes to 10 metres</b>	3 Boreholes to 10 metres, one in Meru, one in Kakamega and one in Garissa, for Japanese Aid, Kenya.	Britech	2010
<b>Xenecon 4 boreholes to 15 metres</b>	4 Boreholes and 10 Trial Pits, plus Lab Testing and Engineering Report, Nairobi, Kenya	Xenecon Engineers	2010
